CALIFORNIA'S NETWORK OF CHOICE

## **PPO PROVIDER DIRECTORY**

**Prepared for**

**Monterey Bay Public Employees Trust Fund**

**2014**

## **Welcome to Pacific Health Alliance**

The Monterey Bay Public Employees Trust has selected Pacific Health Alliance (PHA) to provide a network of physicians, hospitals and related health care providers to participants. This directory has been developed for members of the Monterey Bay Public Employees Trust Fund who are part of the Managed Care Plan or Medical Choice Plan for their health benefits.

### **Pacific Health Alliance Provider Directory**

The PHA directory has all the information you need to easily select or verify your provider. In addition you can search for provider on our website at [www.pacifichealthalliance.com](http://www.pacifichealthalliance.com) or contact our Customer Service team by calling toll free at 1-800-533-4742.

### **Advantages of Using the Pacific Health Alliance Network**

1. Reduce your out-of-pocket costs when you use contracted PHA physicians, hospitals, and health care providers
2. Allows you and your eligible dependents the freedom of choice in your selection of a PHA contracted provider, or a non-contracted provider. Greater benefits are paid under the plan when a PHA contracted provider is used.
3. Provides easy access to carefully selected, quality health care, rendered responsibly and effectively.

### **Important Reminders**

- Your physician participates in many health insurance plans and may not know all of the details about your health plan, its benefits, or its requirements for authorizations and referrals. For any questions please refer to PHA.
- When referral is necessary, request that your physician refer you to other PHA network providers.
- At some clinic sites, not all of the physicians are part of the PHA network. Call PHA to be certain the physician you will be seeing is part of the PHA Network. Call PHA for referral for any services not listed in your directory.
- PHA allows members access to health care services at substantial savings when participating providers are used. However, not all of the services available through these providers may be covered by your health plan. Verify all benefits through the Trust Funds Administrator (Health Services and Benefit Administrators) at 1-888-742-3380

- Although we have made every effort to ensure that this publication is accurate occasionally there are providers added or deleted to the listing after publication. PHA strongly recommends that you confirm with the provider (or PHA) that they are participating before you seek medical services from their office.

### **Mental Health and Chiropractic Services**

In order to provide the highest quality of care consistent with good access to medical services, the Monterey Bay Public Employees Trust has established some special programs for its participants.

To gain the highest benefit from your health plan we encourage you to utilize the mental health and chemical dependency program through Claremont Behavioral Health Services. Claremont Behavioral Health Services can be reached by calling toll free 1-800-834-3773.

For chiropractic services the trust fund has contracted with Chiropractic Health Plan of California. To receive an up-to-date listing of chiropractors please contact Health Services and Benefit Administrators at 1-888-742-3380

## **How to Obtain Services from a Participating Provider**

1. Refer to this directory and select a physician near you. For your convenience, physicians are listed by county and specialty. There is a good chance that your present physician is already a participating provider for PHA. If not, please call PHA - we do add to our provider panel frequently.
2. Call your physician to make an appointment and identify yourself as a member of PHA and Monterey bay Public Employees Trust. At the time of your first visit, present your identification card. You will find instructions for billings and pre-authorizations listed on the reverse side of your card.
3. In the event that you need to be **hospitalized**, ask that your physician admit you to a participating hospital. All participating hospitals are listed in this directory. **Pre-authorization** must be obtained prior to any hospital admission (except in emergencies, see paragraph no. 5 below). This requirement applies to both in-network and out-of-network admissions.
4. If your doctor determines that you or a covered member of your family needs to be hospitalized, remind the doctor to fax or call an authorization request to **PHA REVIEW** prior to any hospital admission. Failure to comply, or to obtain a second opinion where required, will result in additional hospital co-payment. At the time of admission present your health plan identification card to identify yourself as a PHA enrollee.
5. For all emergency care, please contact your doctor. In the event of a life-threatening emergency, go to the nearest emergency facility. Your health and safety are our primary concerns. We ask that you notify **PHA REVIEW (800)624-7761** no later than the end of the first (1<sup>st</sup>) business day following any emergency admission. Authorizations are not required for urgent care clinic visits or emergency room care.
6. Pre-authorization must be obtained prior to a scheduled surgery and also for certain medical procedures (see page iv). Details of these procedures can be obtained from the Trust Administrator, Health Services and Benefit Administrators, Inc., at **1-888-742-3380**. This requirement applies to both In-network and out-of-network procedures and surgeries.
